

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

FOIF B2620-2M Fiberglass Barcode Staff

Manufacturer: Suzhou FOIF

Model: SUR-SUZ-01625

Availability: In Stock

Description

The FOIF B2620-2M is a high-precision, 2-meter fiberglass barcode leveling staff specifically engineered for use with digital levels, such as the FOIF EL302A or DL series. Unlike standard aluminum staffs, the fiberglass construction provides superior stability and non-conductive safety, making it the ideal choice for high-accuracy construction sites and utility surveys. Product Overview Designed for maximum compatibility with digital imaging sensors, the B2620-2M features a high-contrast barcode scale that allows your digital level to "read" elevations instantly. This eliminates manual reading errors and significantly speeds up data collection. Its 2-meter fixed or sectional design is opti...
