Reed R1400-kit2 Electrode Care and Maintenance Kit

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R1400-kit2 Electrode Care and Maintenance Kit

Manufacturer: REED INSTRUMENTS
Model: MEA-REE-01672
Availability: In Stock

Description

The REED R1400-KIT2 Electrode Care and Maintenance Kit pairs a 16.9 oz (500 mL) bottle of Electrode Storage Solution with a matching bottle of Electrode Cleaning Solution. The cleaning solution dissolves inorganic buildup from pH/ORP electrode surfaces, while the storage solution keeps electrodes properly hydrated between uses, helping extend probe life and measurement accuracy.
