Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R2160-Kit Thermal Imager, 160x120, W/Case & Custom Insert

Manufacturer: Reed Instruments

Model: MEA-REE-01673

Availability: In Stock

Description

The REED R2160-Kit pairs the R2160 thermal imaging camera with a rugged hard carrying case featuring a custom-cut foam insert. The camera's 160x120 infrared sensor detects temperatures from -10 to 400C with 0.05C sensitivity, displaying hot and cold spots on a 2.8 inch color LCD. An IP65-rated housing and choice of five color palettes make it a durable, versatile tool for HVAC, electrical, and building-diagnostic inspections.
