Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R2450sd-Kit5 Data Logging Rtd Thermometer With 2 Rtd Probes, Sd Card And Power Adapter

Manufacturer: Reed Instruments

Model: MEA-REE-01679

Availability: In Stock

Description

This kit outfits the R2450SD data logger with two RTD temperature probes instead of thermocouples, giving more stable, higher-precision readings for applications like calibration and lab-grade monitoring. It ships complete with a 16GB SD card and AC power adapter, and offers data hold, max/min tracking, and direct Excel export of logged readings.
