Reed R6001-Kit Thermo-Hygrometer With Humidity Calibration Standards

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R6001-Kit Thermo-Hygrometer With Humidity Calibration Standards

Manufacturer: Reed Instruments

Model: MEA-REE-01696

Availability: In Stock

Description

Pairs a dual-display thermo-hygrometer with 33% and 75% humidity calibration standards, letting users verify and maintain measurement accuracy in the field. Reads temperature and relative humidity at a fast 2.5-samples-per-second rate, suited to labs, museums, greenhouses, humidors and HVAC work. A practical choice anywhere consistent environmental monitoring accuracy matters.
