Reed R8070sd-Kit2 Data Logging Sound Meter With Tripod, Sd Card And Power Adapter

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R8070sd-Kit2 Data Logging Sound Meter With Tripod, Sd Card And Power Adapter

Manufacturer: Reed Instruments

Model: MEA-REE-01704

Availability: In Stock

Description

Built around the same R8070SD data logging sound meter, this kit adds an expandable tripod (up to 56 inches) alongside the SD card and power adapter, making it suited for unattended, long-duration sound monitoring setups. It meets IEC 61672-1 Type 2 standards and offers configurable automatic logging or manual capture of up to 99 readings. The tripod's universal mount accommodates instruments without a built-in tripod thread.
