Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed Rinspect-Kit Home Inspector Kit (R2300/R5210/R6018/R5110/R1910/R9940)

Manufacturer: Reed Instruments

Model: MEA-REE-01710

Availability: In Stock

Description

The REED RINSPECT-KIT bundles the essential tools a home inspector needs in one case: an infrared thermometer, a dual moisture meter, a non-contact voltage detector, a receptacle/GFCI tester, and a temperature-humidity meter. Everything ships together in a hard-shell carrying case, ready to check electrical, moisture, and comfort conditions during a walkthrough. It's a practical starter bundle for inspectors who want reliable, easy-to-use instruments without buying each one separately.
