Reed Rsd-Adp-Eu Sd-Series Power Supply, 220v

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed Rsd-Adp-Eu Sd-Series Power Supply, 220v

Manufacturer: Reed Instruments

Model: MEA-REE-01714

Availability: In Stock

Description

A European-standard 220V AC power adapter designed for REED SD-Series data loggers, converting 220/230V mains power to a regulated 9V DC output. It terminates in a 2.5mm round barrel plug for direct connection to compatible REED instruments. A reliable replacement or spare for keeping data loggers powered during extended monitoring.
