Reed Rsd-Adp-Na Sd-Series Power Supply, 110v

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed Rsd-Adp-Na Sd-Series Power Supply, 110v

Manufacturer: Reed Instruments

Model: MEA-REE-01715

Availability: In Stock

Description

A North American-standard 110V AC power adapter for REED SD-Series data loggers, stepping 120V mains power down to a regulated 9V DC supply. Fitted with a 2.5mm round barrel connector for direct compatibility with REED's SD-series instrument line. Ideal as a replacement or backup power source for continuous data logging setups.
