Reed R1600 Vane Anemometer, Bluetooth Smart Series

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R1600 Vane Anemometer, Bluetooth Smart Series

Manufacturer: Reed Instruments

Model: MEA-REE-01721

Availability: In Stock

Description

The REED R1600 is a compact, wireless vane anemometer from the Smart Series that measures air velocity, air temperature, and relative humidity. It pairs via Bluetooth to the free REED Smart Series mobile app for real-time viewing, data logging, and report generation up to 75 meters away. Includes a magnetic back for hands-free mounting on metal surfaces.
