Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R4000sd-Probe Replacement Probe For R4000sd & Sd-4207

Manufacturer: Reed Instruments

Model: MEA-REE-01722

Availability: In Stock

Description

Genuine REED replacement rotating vane probe for the R4000SD and SD-4207 data-logging vane thermo-anemometers. Features a 2.8 in (72mm) sensor head that measures air velocity together with an integrated temperature sensor, connecting via a coiled cable to the meter body. A direct fit replacement for a worn-out or damaged factory probe.
