Reed R1610 Thermo-Hygrometer, Bluetooth Smart Series

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R1610 Thermo-Hygrometer, Bluetooth Smart Series

Manufacturer: Reed Instruments

Model: MEA-REE-01748

Availability: In Stock

Description

The R1610 is a handheld thermo-hygrometer from REED's Bluetooth Smart Series, pairing a bendable probe shaft (useful for reaching into ducts) with a backlit LCD that shows temperature and %RH simultaneously. It measures -4 to 140F (-20 to 60C) and 0-100% RH, connects over Bluetooth 5.0 up to about 246 ft to REED's Smart Series app for live viewing and data logging, and has a magnetic back for hands-free mounting on metal surfaces. It runs on 4 AAA batteries and carries the blue/black 'SMART Series' branding visible on the housing.
