Reed R3000sd Data Logging Ph/Orp Meter (No Probe)

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R3000sd Data Logging Ph/Orp Meter (No Probe)

Manufacturer: Reed Instruments

Model: MEA-REE-01755

Availability: In Stock

Description

A palm-sized water quality meter with a dual-panel backlit LCD that logs pH readings from 0.00 to 14.00 and ORP readings up to +/-1999 mV directly onto a removable SD card (up to 16GB). It supports manual temperature compensation or an optional ATC probe, holds data on demand, and exports logged readings straight to an Excel-ready file with no separate software needed. Runs on 6 AA batteries with an optional AC adapter for extended monitoring; sold here as the meter body only, without electrodes.
