Reed R3000sd-Kit3 Data Logging Ph/Orp Meter With Ph/Orp Electrodes, Temp Probe, Sd Card And Power Ad

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R3000sd-Kit3 Data Logging Ph/Orp Meter With Ph/Orp Electrodes, Temp Probe, Sd Card And Power Ad

Manufacturer: Reed Instruments

Model: MEA-REE-01758

Availability: In Stock

Description

The most complete R3000SD package, combining the meter, pH electrode, ORP electrode, and an ATC temperature probe for automatic compensation, along with a 16GB micro SD card (with adapter) and an AC power adapter for continuous logging without relying on batteries. It still delivers the same pH (0.00-14.00) and ORP (+/-1999 mV) ranges with adjustable sample-rate data logging exportable as spreadsheet-ready files. Well suited to longer unattended monitoring runs in aquariums, wastewater, or production settings.
