Reed R3100sd Data Logging Conductivity/Salinity/Tds

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R3100sd Data Logging Conductivity/Salinity/Tds

Manufacturer: Reed Instruments

Model: MEA-REE-01759

Availability: In Stock

Description

A rugged data-logging meter that reads electrical conductivity, total dissolved solids, and salinity in water, storing results on an onboard-expandable SD card at sampling intervals from one second up to several hours. It covers conductivity from 200 $\mu\text{S}/\text{cm}$ to 200 mS/cm and TDS from 200 to 200,000 ppm, with automatic temperature compensation and a backlit dual LCD showing hold and min/max readings. Supplied as the meter with its conductivity/TDS/salt probe in a hard carrying case, running on 6 AA batteries or an optional AC adapter.
