# Reed R3525-Adp Power Adapter For R3525

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

## Product Overview

### Reed R3525-Adp Power Adapter For R3525

**Manufacturer:** Reed Instruments

**Model:** MEA-REE-01763

**Availability:** In Stock

## Description

Genuine 110V AC/DC power adapter made for the REED R3525 pH/mV meter, letting it run continuously from a wall outlet instead of its internal 9V battery. Outputs 9VDC at roughly 0.8A through a 2.5mm round barrel plug matching the meter's power jack. A convenient add-on for lab or bench setups where the meter stays in one place for extended readings.
