Reed R1404 Ph Buffer, 4.01, 16.9 Fl Oz. (500ml)

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R1404 Ph Buffer, 4.01, 16.9 Fl Oz. (500ml)

Manufacturer: Reed Instruments

Model: MEA-REE-01767

Availability: In Stock

Description

The REED R1404 is a ready-to-use pH 4.01 calibration buffer for pH meter and electrode maintenance, supplied in a 500ml (16.9 fl oz) bottle with a childproof cap and built-in viewing strip. It is color-coded red for quick identification and rated to ± 0.020 pH accuracy, with values traceable to NIST reference standards. A temperature-correction table on the label helps users read the correct pH value at different ambient temperatures.
