Reed R1407 Ph Buffer, 7.0, 16.9 Fl Oz. (500ml)

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R1407 Ph Buffer, 7.0, 16.9 Fl Oz. (500ml)

Manufacturer: Reed Instruments

Model: MEA-REE-01768

Availability: In Stock

Description

The REED R1407 is a 500ml pH 7.00 buffer solution used to calibrate pH meters and condition electrodes before and after use. Color-coded green for fast recognition, it ships in a childproof bottle with a viewing strip and carries ± 0.020 pH accuracy referenced to NIST publication 260-53. It's commonly used alongside the R1404 and R1410 buffers for full three-point calibration.
