Reed R1430 Conductivity Solution, 1413us, 16.9 Fl Oz. (500ml)

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R1430 Conductivity Solution, 1413us, 16.9 Fl Oz. (500ml)

Manufacturer: Reed Instruments

Model: MEA-REE-01772

Availability: In Stock

Description

The REED R1430 is a 1413uS/cm conductivity calibration standard used to verify and calibrate conductivity, TDS, and salinity meters such as REED's R3530 series. Supplied in a 500ml bottle, the solution's conductivity value is traceable to NIST reference standards for dependable calibration accuracy. It is a standard companion solution bundled with several REED conductivity meter kits.
