Reed R3100sd-Probe Replacement Conductivity/Salinity/Tds Probe For R3100sd & Sd-4307

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R3100sd-Probe Replacement Conductivity/Salinity/Tds Probe For R3100sd & Sd-4307

Manufacturer: Reed Instruments

Model: MEA-REE-01775

Availability: In Stock

Description

Replacement sensor probe for REED's R3100SD and SD-4307 data logging conductivity meters, sized at about 22mm diameter by 128.5mm length. It picks up conductivity, total dissolved solids, salinity, and temperature in a single dip, letting users restore full water-quality logging without replacing the whole meter.
