

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R9905 Air Quality Meter

Manufacturer: Reed Instruments

Model: MEA-REE-01778

Availability: In Stock

Description

A handheld data-logging indoor air quality meter with a triple LCD that tracks CO₂, temperature, and relative humidity at the same time. It uses a low-drift NDIR CO₂ sensor covering 0-30,000 ppm, computes time-weighted average and short-term exposure limit values, and can store up to 32,000 time-stamped readings with adjustable audible alarms for elevated CO₂ levels.
