Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R9910sd-Co2 Replacement Carbon Dioxide Probe For R9910sd & Sd-9901

Manufacturer: Reed Instruments

Model: MEA-REE-01782

Availability: In Stock

Description

A replacement carbon dioxide probe compatible with the REED R9910SD and SD-9901 data logging air quality meters. Lets a technician restore CO2 measurement on an existing unit once the factory probe ages out, rather than buying a whole new meter. About 7.5 inches long, sized to match the meter's original CO2 sensor.
