Reed R9910sd-Th Replacement Temp/Humidity Probe For R9910sd & Sd-9901

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R9910sd-Th Replacement Temp/Humidity Probe For R9910sd & Sd-9901

Manufacturer: Reed Instruments

Model: MEA-REE-01784

Availability: In Stock

Description

A combined temperature and humidity replacement probe for the REED R9910SD, SD-9901 and SD-3007 data logging air quality meters. Restores ambient temperature and relative humidity readings on these loggers once the original probe needs swapping out. Similar footprint to the meter body itself at roughly 7 inches long.
