Reed-Wb 1/2" Windshield Ball For Sound Level Meters

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed-Wb 1/2" Windshield Ball For Sound Level Meters

Manufacturer: Reed Instruments

Model: MEA-REE-01792

Availability: In Stock

Description

A compact acoustic foam ball windshield sized for 1/2 in microphones, designed to slip over a sound level meter's mic capsule to cut wind noise and breath artifacts during outdoor or moving-air measurements. It's a simple accessory replacement/spare rather than a full instrument, backed by REED's standard one-year warranty.
