Reed R4700sd-Probe Replacement Probe For R4700sd & Sd-9300

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R4700sd-Probe Replacement Probe For R4700sd & Sd-9300

Manufacturer: Reed Instruments

Model: MEA-REE-01798

Availability: In Stock

Description

Genuine REED replacement multi-function sensor probe designed for the R4700SD and SD-9300 environmental data loggers. It restores the meter's ability to read air velocity, ambient temperature, relative humidity, and ambient light level once the original probe wears out or is damaged. Connects via the same quick-attach cable as the factory probe, so no recalibration of the host meter is required.
