

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R5065 Flex Clamp Adapter, 3000a

Manufacturer: Reed Instruments

Model: MEA-REE-01801

Availability: In Stock

Description

Flexible 18-inch current probe (Rogowski-style coil) that clips around large or awkwardly placed conductors that won't fit a rigid clamp jaw. Paired with a compatible REED clamp meter such as the R5055, it extends AC current measurement capability up to 3000 A while its thin, pliable loop makes it easier to route through crowded panels and conduit runs.
