Reed R5099 Compact Multimeter W/Ncv

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R5099 Compact Multimeter W/Ncv

Manufacturer: Reed Instruments

Model: MEA-REE-01806

Availability: In Stock

Description

A compact auto-ranging digital multimeter from REED that combines standard AC/DC voltage, current, resistance, capacitance, frequency, diode, and continuity testing with a built-in non-contact voltage (NCV) probe at the top of the case for a quick live/dead check before you even connect leads. The backlit display holds up to 4,000 counts, and the unit adds a low-battery warning, auto shut-off, and a CAT III 600V rating for everyday electrical and maintenance work.
