SinoGnss P8H Swivel Holder with Pole Adapter

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

SinoGnss P8H Swivel Holder with Pole Adapter

Manufacturer: ERP Manufacturer #15

Model: SUR-SIN-01870

Availability: In Stock

Description

A spring-tensioned bracket that clamps a 7-8 inch tablet such as the SinoGnss P8H and mounts it to a survey range pole via a rotating ball-joint adapter. The swivel action lets the field crew angle the screen for glare-free viewing while keeping both hands free for staking or data entry, and the four-point grip holds the tablet securely without covering the display edges.
