Reed R2170-NIST Thermal Imager, 320x240 W/Nist Cert

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R2170-NIST Thermal Imager, 320x240 W/Nist Cert

Manufacturer: Reed Instruments

Model: MEA-REE-02861

Availability: In Stock

Description

This is the same 320x240 REED R2170 thermal imaging camera, supplied with a NIST-traceable calibration certificate confirming its accuracy against a recognized national reference. It suits buyers who need documented calibration for compliance, quality-system, or audit purposes, while the imager's hardware, sensor, screen, and battery, is identical to the standard R2170.
