Reed R6000-NIST Thermo-Hygrometer, Indoor/Outdoor Desktop W/Nist Cert

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R6000-NIST Thermo-Hygrometer, Indoor/Outdoor Desktop W/Nist Cert

Manufacturer: Reed Instruments

Model: MEA-REE-02890

Availability: In Stock

Description

The REED R6000 is a desktop/wall-mount monitor that shows indoor and outdoor temperature and humidity side by side, using a 72-inch cabled remote sensor for the outdoor reading plus a built-in clock. It stores Min/Max history, gives at-a-glance humidity comfort icons, and covers an internal range of -10 to 50C with an outdoor probe range extending to -40 to 50C. This listing includes a NIST-traceable calibration certificate.
