Reed R6200-NIST Heat Stress Meter, Barometric Pressure, Wbgt W/Nist Cert

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R6200-NIST Heat Stress Meter, Barometric Pressure, Wbgt W/Nist Cert

Manufacturer: Reed Instruments

Model: MEA-REE-02895

Availability: In Stock

Description

Handheld WBGT heat stress monitor with a black globe sensor and humidity/temperature probe that together compute Wet Bulb Globe Temperature alongside heat index, dew point and barometric pressure. A multi-line backlit LCD shows several readings at once, with a user-settable audible alarm and onboard memory for up to 99 readings, aimed at OSHA-style workplace heat-exposure checks. This NIST option supplies the same R6200 unit with an added traceable calibration certificate.
