Reed R6015-NIST Wood Moisture Detector W/Nist Cert

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R6015-NIST Wood Moisture Detector W/Nist Cert

Manufacturer: Reed Instruments

Model: MEA-REE-02903

Availability: In Stock

Description

Pin-type wood moisture meter that reads moisture content from 6% to 99.9% across roughly 170 timber species, using either the built-in pin electrodes or the included remote hand-press probe. A temperature probe auto-compensates readings for ambient conditions, and this unit ships with a NIST-traceable calibration certificate for documented accuracy on quality-control or compliance jobs.
