Reed R3500-NIST Ph Meter, Pen, 0 To 14ph W/Nist Cert

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R3500-NIST Ph Meter, Pen, 0 To 14ph W/Nist Cert

Manufacturer: Reed Instruments

Model: MEA-REE-02927

Availability: In Stock

Description

The REED R3500 is a compact, pen-style pH meter with a waterproof housing and a dual LCD that shows pH and temperature at the same time. It covers the full 0-14 pH range with automatic temperature compensation and a guided calibration routine, running on four replaceable LR44 batteries with auto shut-off to save power. The -NIST package bundles the pen, a protective cap, hard case, batteries, and a NIST calibration certificate, though it is a simpler non-logging meter aimed at quick spot checks rather than continuous monitoring.
