Reed R3530-NIST Conductivity/Tds/Salinity Meter W/Nist Cert

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R3530-NIST Conductivity/Tds/Salinity Meter W/Nist Cert

Manufacturer: Reed Instruments

Model: MEA-REE-02930

Availability: In Stock

Description

Pen-style water quality meter that reads conductivity, total dissolved solids, salinity and temperature at once on a dual LCD, with automatic temperature compensation and a waterproof (IP57) housing built around a replaceable electrode module. This NIST-certified unit ships with a factory calibration certificate for traceable accuracy, plus conductivity standard solution, hard case, lanyard and spare screws for field servicing.
