Reed R3525-ELECTRODE2 Replacement Orp Electrode For R3525

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R3525-ELECTRODE2 Replacement Orp Electrode For R3525

Manufacturer: Reed Instruments

Model: MEA-REE-02931

Availability: In Stock

Description

Replacement ORP (oxidation-reduction potential) probe built for the REED R3525 pH/mV meter, terminating in a 1 m (39 in) cable for convenient reach into sample containers or process lines. Swapping in a fresh electrode restores measurement accuracy once the original probe wears out, without needing to replace the whole meter.
