Reed R5003-NIST Ac Voltage/Current Data Logger, 2-Ch, W/Nist Cert

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R5003-NIST Ac Voltage/Current Data Logger, 2-Ch, W/Nist Cert

Manufacturer: Reed Instruments

Model: MEA-REE-02942

Availability: In Stock

Description

A dual-channel True RMS data logger that records AC voltage (up to 600V) and AC current (up to 200A) simultaneously, storing as many as 256,000 readings at a user-set interval from one second to 24 hours. It runs on either AAA batteries or the included AC adapter and comes bundled with a current clamp, voltage leads, USB cable and PC software for downloading logs to Excel. This unit ships with a NIST-traceable calibration certificate.
