Reed R5000 Watt Meter

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R5000 Watt Meter

Manufacturer: Reed Instruments

Model: MEA-REE-02946

Availability: In Stock

Description

A True RMS watt meter that measures power up to 6000W alongside AC voltage (600V), AC current (10A) and power factor on a large backlit LCD. It includes min/max and data-hold functions for capturing readings on the fly, runs on a single 9V battery, and is rated CAT III 600V for safe use on typical branch circuits.
