Reed K5090-NIST Milliohm Meter W/Nist Cert

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed K5090-NIST Milliohm Meter W/Nist Cert

Manufacturer: Reed Instruments

Model: MEA-REE-02954

Availability: In Stock

Description

Bench milliohmmeter for precise low-resistance testing across 5 ranges from 200mOhm to 2000 Ohm, using a 4-terminal Kelvin input that cancels lead resistance for readings as fine as 0.1mOhm. Features a manual zero-adjust dial and overrange indicator, and includes a protective case, power cord, and 4-wire Kelvin clips; runs on 110V mains power. Comes with a NIST-traceable calibration certificate.
