Reed R5002-NIST High Voltage Insulation Tester W/Nist Cert

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R5002-NIST High Voltage Insulation Tester W/Nist Cert

Manufacturer: Reed Instruments

Model: MEA-REE-02956

Availability: In Stock

Description

High-voltage insulation resistance tester offering five selectable test voltages (500V-5000V) and insulation readings up to 60 GOhm, with polarization index (PI) and dielectric absorption ratio (DAR) modes for cable, motor and transformer diagnostics. Also handles AC/DC voltage to 600V and low-resistance/continuity checks, with a timed test mode (1-15 min) and a 6000-count backlit LCD. CAT IV 600V rated, powered by 8 C-cell batteries or the included AC adapter; supplied with a NIST-traceable calibration certificate.
