Reed R5002-TLR Replacement Red Test Lead For R5002

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R5002-TLR Replacement Red Test Lead For R5002

Manufacturer: Reed Instruments

Model: MEA-REE-02969

Availability: In Stock

Description

A dedicated red replacement lead built for REED's R5002 high-voltage insulation tester, restoring a worn or damaged test wire without buying a whole new lead kit. It ships with the standard shrouded connector that mates directly to the R5002 body, keeping the tester's original safety ratings intact when swapped in.
