

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R9905-Nist Air Quality Meter W/Cert

Manufacturer: Reed Instruments

Model: MEA-REE-02982

Availability: In Stock

Description

Data-logging indoor air quality meter that tracks CO2 (via NDIR sensor), temperature, and relative humidity on a triple-value LCD, with an internal memory capable of storing up to 32,000 time-stamped readings. It calculates time-weighted average and short-term exposure limit values, useful for verifying HVAC performance or monitoring air quality in schools, offices, and industrial spaces. This unit includes a NIST-traceable calibration certificate.
