Reed R5850-NIST Multi-Function Calibrator W/Nist Cert

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R5850-NIST Multi-Function Calibrator W/Nist Cert

Manufacturer: Reed Instruments

Model: MEA-REE-02991

Availability: In Stock

Description

This NIST-certified edition of the Reed R5850 multifunction calibrator ships with a traceable calibration certificate for compliance-driven facilities. Functionally identical to the standard model, it sources and measures voltage, current, resistance, frequency, thermocouples, and RTDs, with simultaneous measure/source viewing and auto step/ramp testing for fast linearity verification.
