Reed CM-8822-NIST Thickness Gauge, Coating, 1000um W/Nist Cert

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed CM-8822-NIST Thickness Gauge, Coating, 1000um W/Nist Cert

Manufacturer: Reed Instruments

Model: MEA-REE-03004

Availability: In Stock

Description

Same coating thickness gauge as the standard CM-8822 -- 0-1000 micron range, automatic probe recognition, ferrous and non-ferrous probes included, field zero adjustment and mil/micron display -- but supplied with a NIST-traceable calibration certificate documenting full measurement data and uncertainties for quality or audit records.
