Reed HT-6510A Durometer, A Scale

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed HT-6510A Durometer, A Scale

Manufacturer: Reed Instruments

Model: MEA-REE-03005

Availability: In Stock

Description

The REED HT-6510A is a pocket-sized digital Shore A durometer for checking the hardness of rubber, elastomers, neoprene, soft PVC and similar materials. It reads 10 to 90 HA with 0.1 HA resolution, offers max/average hold and a quick zero-adjust button, and complies with ASTM D2240, ISO 7619, DIN 53505 and JIS K7215 hardness standards. It ships with a test block, wrist strap, batteries and a hard carrying case.
