Reed R7800-NIST Thickness Gauge, Coating, 1250um/50mils W/Nist Cert

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R7800-NIST Thickness Gauge, Coating, 1250um/50mils W/Nist Cert

Manufacturer: Reed Instruments

Model: MEA-REE-03009

Availability: In Stock

Description

Identical hardware to the standard REED R7800 coating thickness gauge (0-1250 micron / 50-mil range, auto ferrous/non-ferrous detection, color LCD with pass/fail LEDs, USB data export), but this package includes a NIST-traceable calibration certificate with full data and uncertainty values, making it suited to QA programs that require certified instrument traceability.
