Reed R7920 Thickness Gauge, Ultrasonic, 0.039/11.8", 1.0/300mm

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R7920 Thickness Gauge, Ultrasonic, 0.039/11.8", 1.0/300mm

Manufacturer: Reed Instruments

Model: MEA-REE-03014

Availability: In Stock

Description

The Reed R7920 is a compact ultrasonic thickness gauge covering 0.04-11.8 in (1-300mm) with a 2.4 in backlit monochrome display and a rechargeable lithium battery good for about 16 hours of use. It's built to check steel, cast iron, aluminum, brass, zinc, various plastics and other common shop materials, storing up to 300 readings in memory with adjustable high/low alarms and automatic material calibration.
