Reed R9060-NIST 5 Step Calibration Block, Steel W/Nist Cert

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R9060-NIST 5 Step Calibration Block, Steel W/Nist Cert

Manufacturer: Reed Instruments

Model: MEA-REE-03022

Availability: In Stock

Description

This is the NIST-certified version of REED's 5-step steel calibration block for ultrasonic thickness gauges, built to the same 1018-steel, dual inch/metric-marked five-step design (0.100 through 0.500 in). It comes with a traceable NIST calibration certificate documenting full measurement data and uncertainties, making it suitable for quality programs that require certified reference standards. A carrying case and one-year warranty are included.
