Reed TM-8811-NIST Thickness Gauge, Ultrasonic, 0.05/7.9", 1.5/200mm W/Nist Cert

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed TM-8811-NIST Thickness Gauge, Ultrasonic, 0.05/7.9", 1.5/200mm W/Nist Cert

Manufacturer: Reed Instruments

Model: MEA-REE-03028

Availability: In Stock

Description

Same ultrasonic thickness gauge platform as the standard TM-8811, measuring 0.05-7.9 in (1.5-200mm) across ten preset material types with automatic calibration and a low-battery indicator. This version ships with a NIST-traceable calibration certificate documenting the full data and measurement uncertainties, making it suitable where documented traceability is required. Includes probe, couplant, hard case, and batteries.
