Reed R1600-NIST Vane Anemometer, Bluetooth Smart Series W/Nist Cert

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R1600-NIST Vane Anemometer, Bluetooth Smart Series W/Nist Cert

Manufacturer: Reed Instruments

Model: MEA-REE-03033

Availability: In Stock

Description

A wireless vane anemometer that tracks air velocity (0.6-25 m/s), temperature (-20 to 60C) and relative humidity, streaming live readings over Bluetooth 5.0 to the free REED Smart Series app up to 75m away. Up to six units can be logged simultaneously, with sampling intervals as fast as one second, magnetic backing plus tripod mounting for hands-free setups, and roughly 50 hours of runtime from 4 AAA batteries. This unit ships with an included NIST-traceable calibration certificate.
