Reed R1600-KIT Vane Anemometer, Bluetooth Smart Series With Tripod And Carrying Case

Professional detailed product specification sheet

This document presents a professional product overview including brand details, availability, specifications, and descriptive information for reference, sales support, and catalog-style distribution.

Product Overview

Reed R1600-KIT Vane Anemometer, Bluetooth Smart Series With Tripod And Carrying Case

Manufacturer: Reed Instruments

Model: MEA-REE-03034

Availability: In Stock

Description

This bundle pairs the R1600 Bluetooth vane anemometer with a tripod that extends to 56 inches and a soft carrying case sized for both the instrument and its accessories, making it suited to unattended long-run air velocity monitoring. The anemometer itself covers 0.6-25 m/s air velocity plus temperature and humidity, streaming data over Bluetooth 5.0 to the REED Smart Series app for logging, reporting, and export to PDF or Excel.
